

I am pleased to offer a number of unpaid internship positions for college students in my Toms River, Marlton or Washington DC offices. An internship provides an invaluable opportunity to get hands-on experience in the daily operations of a Congressional office.

Full-time internships are available throughout the year in three cycles. My office receives many applications, so prospective interns are encouraged to apply early and preference will be given to residents of the 3rd District.

Although all internships are unpaid, I will be glad to assist you in requesting academic credit for your internship.

If you are interested in an internship in one of my offices, please send a hard copy of your resume, cover letter and a brief writing sample to the appropriate office.
